Were there any modifications from last year's plan? Yes X No

If yes, please identify the types of changes made by checking the appropriate boxes below:

Priorities

Outcomes

Indicators

X Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)

Lack of funding to support planning process; other and higher priorities; lack of funding to support all identified new/additional strategies

2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.

Increases focus on data-informed planning, identification of program priorities, and shared commitment to those priorities.

Report on Indicator Data (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: **School Success – Kindergarten Readiness**

Indicator(s):	Baseline Data	Current Year Data	Direction of Change (+, -, NC)
KRA-L	Data: 18.32 Year of Data: 2006	Data: 19.6 Year of Data: 2010	+
	Data: Year of Data:	Data: Year of Data:	
	Data: Year of Data:	Data: Year of Data:	

3. List the data source(s) for the indicator(s):

Ohio Department of Education and City and County Public School Districts
2011 data not available at this time

4. Identify any key findings (explanation of data findings; FCFC actions taken in response to key findings, etc.):

Lincoln Elementary School in Springfield City School District has lowest percentage of students assessed at Enriched level each year; FCFC has committed to role as Supporting Partner for Promise Neighborhood replication project focused on Lincoln Elementary School and the school attendance area; Ohio Department of Health Maternal, Infant and Early Childhood Home Visiting Program services will focus on Lincoln attendance area and other low achieving areas; Ready Fair piloted May 2011, repeated May 2012, planned for May 2013; Miami Valley Child Development Centers, Inc. (Head Start) has begun use of child progress reports based on kindergarten readiness attributes.

Report on Indicator Data (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: **Increase Student Mental Well-being**

Indicator(s):	Baseline Data	Current Year Data	Direction of Change (+, -, NC)
% of high school students reporting plan to attempt suicide in past 12 months as reported on Youth Risk Behavior Survey	Data: 12.9% Year of Data: 2009	Data: 14% Year of Data: 2011	-
	Data: Year of Data:	Data: Year of Data:	
	Data: Year of Data:	Data: Year of Data:	

5. List the data source(s) for the indicator(s):

**Youth Risk Behavior Survey conducted by Clark County Combined Health District in all city and county public high schools
YRBS first conducted during 4th quarter 2008-2009 academic year; repeated during 4th quarter 2010-2011 academic year**

6. Identify any key findings (explanation of data findings; FCFC actions taken in response to key findings, etc.):

Clark County students compare unfavorably to students in Ohio and in the nation; School superintendents in partnership with Health District and Mental Health and Recovery Board have prioritized planning focused on student mental well-being in city and county-wide Family and Civic Engagement Plan.

Mental health therapists in city and county schools have been maintained despite funding threats.

Suicide Prevention Coalition has undertaken a variety of youth initiatives – sharing YRBS data, gatekeeper training, school staff trainings, student trainings, production of public service announcements, training for youth in detention, formation of bullying workgroup, and participation in Peer Helper training of trainers.

Springfield City School district has designed and implemented a Learning Cafe for middle school and high school students and their families to provide both academic and social/emotional health promotion and intervention services.

Report on Indicator Data (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: **School Success – Student Physical Health**

Indicator(s):	Baseline Data	Current Year Data	Direction of Change (+, -, NC)
% of students overweight or at risk of overweight as measured by body Mass Index calculated through self report of height, weight and age on Youth Risk Behavior Survey	Data: 33.0% Year of Data: 2009	Data: 39.0% Year of Data: 2011	-
	Data: Year of Data:	Data: Year of Data:	
	Data: Year of Data:	Data: Year of Data:	

7. List the data source(s) for the indicator(s):

Youth Risk Behavior Survey conducted by Clark County Combined Health District in all city and county public high schools YRBS first conducted during 4th quarter 2008-2009 academic year; repeated during 4th quarter 2010-2011 academic year

8. Identify any key findings (explanation of data findings; FCFC actions taken in response to key findings, etc.):

Clark County students compare unfavorably to students in Ohio and in the nation; School superintendents in partnership with Health District have prioritized planning focused on student physical well-being in city and county-wide Family and Civic Engagement Plans.

Springfield City Schools, the Health District and various partners continue to refine Healthy Students – Healthy Community, a project which uses BMI to indicate level of need, during implementation of various programs addressing fitness, including physical activity in classrooms and fruit/vegetable program through food services.

Healthy Living Coalition continues to bring partners together to promote and deliver health promotion programs about nutrition, fitness and weight control: Family Education through You Are What You Eat by Community Health Foundation is scheduled for June 2012; Fit for Fun through National Parks, Trails and Recreation is scheduled for June 2012.

The Body Shop, a program for families with children who experience weight control challenges debuted through Springfield City School District's The Learning Café in March 2012.

The Learning Café also includes walking programs including Just Walk to increase opportunity for physical activity for community.
